Personalized Recommendations

Additional Recommendations

Start Retirement Planning Early

Starting retirement savings in your 20s and 30s gives you the power of compound interest over decades.

Action Steps:

- Contribute to your company pension if available
- Open a personal retirement account
- Aim to save 10-15% of income for retirement

Start with Index Funds

Begin investing with low-cost, diversified index funds that track market performance. They offer good returns with moderate risk.

Action Steps:

- Open a brokerage account with a UAE bank
- Research UAE and international index funds
- Start with small monthly investments

90-Day Action Plan

Days 1-30 (Foundation)

Days 31-60 (Building)

Days 61-90 (Optimization)
